

Entropion Repair

Also known as	<div><div>1. Eyelid repair</div><div>2. Eyelid surgery</div></div>				
Description	Entropion is a condition in which the eyelid turns inward so that the eyelashes and skin rub against the eye surface. This causes irritation and discomfort. This condition is more common in older adults and generally affects only the lower eyelid. Surgery to correct this condition is called entropion repair.
